PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience in MERN Stack, Next.js, REST APIs, authentication systems, real-time applications, and database management. Skilled in building scalable, responsive, and user-centric web applications. Strong problem-solving abilities with experience in deploying production-ready applications using modern development tools and best practices.

EDUCATION

Teerthanker Mahaveer University
Bachelor of Technology in Computer Science Engineering

Aug 2022 - Jun 2026
Moradabad, India

WORK EXPERIENCE

Glistara Software Solutions - Web Development Intern | Bhilai, chhattisgarh

Jun 2025 - Aug 2025

- Developed **5+ responsive web modules** using React.js and MERN Stack, enhancing cross-platform user experience and application scalability.
- Integrated **10+ RESTful APIs** and optimized performance through reusable components and efficient state management, reducing page load time by **25%** and improving code maintainability using **Git-based version control**.
- Technologies used :-** HTML, CSS3, JavaScript, Tailwind CSS, React.js, Redux, MongoDB, Node.js, Git.

Slash Mark IT StartUp — Web Development Intern | Remote

Jun 2024 - Aug 2024

- Designed and developed **8+ responsive web pages and UI components** using React.js, JavaScript, HTML5, and CSS3, delivering interactive, cross-browser compatible user experiences.
- Implemented API integrations and optimized frontend performance, reducing page rendering time by **20%** while improving application functionality, responsiveness, and overall user engagement.
- Technologies used :-** React.js, JavaScript, HTML5, CSS3, REST APIs, Git.

PROJECTS

E-Learning Platform— Online Learning Management System

[Link](#)

- Built a scalable e-learning platform with features such as **user authentication, course management, enrollment, progress tracking**, and personalized dashboards to enhance the online learning experience.
- Developed and integrated **RESTful APIs, secure access control, and responsive user interfaces**, enabling efficient content delivery and seamless interaction between students and administrators.
- Tech:** MongoDB, Express.js, React.js, Node.js, TailwindCSS, Firebase, JWT Authentication, REST APIs.

Real-Time Poll Rooms- Live Polling & Voting Platform

[Link](#)

- Built a real-time polling platform supporting **100+ concurrent users** allowing users to create, share, and participate in polls with instant vote synchronization through **unique room links**.
- Implemented **WebSocket-based live updates, session-based vote validation**, and persistent data storage to ensure fair voting and real-time result broadcasting.
- Technologies used :-** Next.js, Node.js, MongoDB, Mongoose, WebSockets, Vercel.

ACHIEVEMENTS & CERTIFICATIONS

Technical Certifications

- Elite NPTEL Certification in Data Base Management System (DBMS) from **IIT Kharagpur**.
- Spoken Tutorial Certifications **IIT Bombay**: Git, HTML, Python, C, C++, SQL.

Academic & Technical Achievements

- Ranked among the **Top 5 students in every semester** during B.Tech (Computer Science Engineering).
- Maintained a **CGPA of 9.5/10** throughout the academic program.
- Solved **100+ LeetCode problems** focusing on **Data Structures and Algorithms**.

SKILLS AND EXPERTISE

Languages: JavaScript (ES6+), TypeScript, Python, C++, SQL.

Frontend: React.js, Next.js, Redux Toolkit, Tailwind CSS, HTML5, CSS3, Responsive Design.

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, WebSockets, API integration.

Databases: MongoDB, MySQL, PostgreSQL, Database Design, Query Optimization.

DevOps & Tools: Prisma, Git, GitHub, Docker, Postman, Firebase, VS Code, Chrome DevTools.
